WORK PROCESS

December:

A teacher and student meeting webinar will be held.

January:

Logos will be designed and Posters will be created. Students will create logos and posters representing our project and at the end a winner logo and poster will be chosen via survey. A Wish Tree will be created on Web2.0 tool and students will write their expectations from 2022.

February:

Teacher and student webinars will be held. Safer Internet Day will be celebrated. Students will exchange postcards and write about their countries, ages, hobbies and interests, likes-dislikes...

March:

Teacher and student webinars will be held. Kahoot game will be played. Students will write an acrostic poem in the name of our project and vocalize on Chatterpix and brainstorm on a web2 tool to find our title for our poem.

April:

Teacher and student webinars will be held about the pandemic "Living with Coronavirus". Students will write a common Cookbook as final work.

May:

We'll celebrate 9 May eTwinning Day. A farewell webinar will be held.
